MG ARMS

I N C O R P O R A T E D

Custom Firearms Built for the Hunter . . . by a Hunter

"I own two rifles built by MG Arms. My more recent rifle is my .338, which I got for my anniversary... and I love it. In fact the first time I shot my .338 after I got it I couldn't even believe I pulled the trigger, it was so easy to shoot."

Deb Cunningham, SCI and Sables member, winner of the SCI's 2000 Fourth Pinnacle of Achievement Award, the 2002 SCI Diana Award, and the 2008 SCI Crowning Achievement Award

Featured in GunWorld and RifleShooter

"I own a MGA rifle, my wife owns a MGA rifle, as well as my three sons. We have several MGA rifles and they have really performed well for us through the years. It's a very, accurate rifle."

Mike Simpson, past President of SCI, winner of 2003 Weatherby Hunting and Conservation Award, 1996 Fourth Pinnacle of Achievement Award, and 2006 SCI World Hunting and Conservation Award

- Backed by Our Infinity Guarantee

starting at \$1299

One of the cool things about this rifle is that it was chambered to .204 Ruger, a fast, accurate little cartridge that has become one of my favorite prairie dog rounds. But in an AR, well, it's a whole new experience. Accuracy was superb, and the controllability was marvelous.

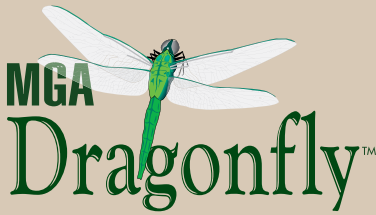

Craig Boddington, noted author and lecturer, 2009 recipient of the Conklin Award, and winner of SCT's 2008 C. J. McElroy Award
As stated in Guns & Ammo Magazine

Custom Gunsmithing and Custom Cartridge Manufacture . . .

MG Arms offers a full realm of gunsmithing services to satisfy your maintenance and customizing needs. MG Arms does it all, many more services than the majority of gunsmithing vendors—reasonably priced, too.

- *Metal Finishing* - All types—from traditional bluing to Parkerizing, nickel plating and ceramic coatings to modern PTFE finishing.
- *Rifle Work* - You name it and MG Arms does it. Rebarreling, skeletonizing, fluting, porting. Trigger jobs, muzzle brakes, scope mounting, rechambering, and so much more.
- *AR-15 Work* - MG Arms manufactures two of the finest AR style rifles made today. They are the expert AR Gunsmiths.
- *Stock Work* - Whatever is needed. Plus, custom fitted-to-you fiberglass or premium wood stocks. MG Arms is one of the very few custom houses that can provide exquisite 25 lines per inch hand checkering on exotic wood stocks.
- *Shotgun Work* - Any and every service to make your shotgun a hunting machine or edge-above-the-competition ready.
- *Pistol & Revolver Work* - All the normal services you would expect. Then add services that make your pistol or revolver truly extraordinary.

MG Arms is a world-class Custom manufacturing and gunsmithing house with a deserved, world-renowned reputation.

And, let's not forget. . . Thirty years ago, in 1980, MG Arms began as a Custom Ammunition Manufacturer. This continues to be a unique and

important part of the business. MG Arms can and will work up for you the optimal load for your particular firearm. All ballistics information is provided to you in this package. Then, MG Arms will handcraft this ammunition for your use. The perfect load and select ammunition for your complete shooting pleasure.

Each firearm crafted by MG Arms, Inc. is a culmination of years of experience, dedication to detail, and love for the art of fine gun making. Only the best parts and components are used in the process. Extensive inspection and testing are performed before any MG Arms firearm is released into to our customers.

This is why MG Arms proudly stands behind each firearm they engineer. Enclosed with each MG Arms firearm is our Infinity Guarantee*. You, our customer, can anticipate 100% satisfaction and complete assurance of quality and reliability with your purchase of our product. The Infinity Guarantee solely covers an MG Arms firearm, not only the original owner. No other firearms maker can offer more than this simple, no-nonsense statement by MG Arms, Inc. to their customers.

INFINITY

GUARANTEE

* Exceptions: handgun grips, sights, cosmetic defects after one year, non-MG Arms accessories.
